*Sue Hancock*

Sue Hancock has been awarded the Vice Chancellor's Award for Career Achievement, and the COAST team - Christine Debono, Wendy Mohring, Kristian Draxl, and Sarah Hull - has been awarded the Vice Chancellor's Award for Innovation and Excellence in Service Quality.

Full citations will be read out at the award ceremony on Thursday 12 November 2009 at 5.00 pm in the Hall at University House.

Sue has for many years been pivotal to steering The ANU College of Law through the subtleties and complexities of student administration, from enrolment to course progression to graduation, and always with great insight, breadth of thinking, anticipation, and humanity.

The COAST team has transformed the way the ANU College of Law stages events. They managed over 100 events in 2008 and will probably exceed this number in 2009. Their commitment and professionalism have been the bedrock on which the College has been able to engage successfully with its various communities, and their support has made a huge contribution to the profile and reputation the College now enjoys around the world.
